

Temporary Airport Closures

Airfield Electrical Rehabilitation Project

The Boca Raton Airport will begin nightly closures on Tuesday, August 22nd at 9:00 p.m. through Friday, August 25th at 7:00 a.m. These closures will resume Sunday nights to Friday mornings between the hours of 9:00 p.m. to 7:00 a.m.

The temporary airport closures will facilitate upgrades to the airfield electrical infrastructure and system, which includes new regulators, cables, signs, light-emitting diode (LED) edge lights, and lightning surge arrestors. This project is anticipated to last for approximately 90 days.

To meet current FAA standards, during the duration of this project, Taxiway P as well as each runway intersection will be undergoing an official name change. Taxiway P will be renamed Taxiway B, and each runway intersection will be renamed B1 through B9. Please refer to the diagram below to view these new designations.

Please check NOTAMs daily for the most up to date information. If you have any questions, please contact Airport Operations at 561.391.2202.
